DESCRIPTION AND LEARNING STRATEGY

Measuring Organizational Performance Workshop is an intensive 2½-day learner-centered course for work groups and teams writing performance goals and measures. This course is ideal for intact teams with planning experience wishing to develop organizational measures.

This customizable course teaches common terminology, drivers for instituting performance measurement, organizational implications of implementing performance measurements to designing the measure, collecting data, and using information for continuous improvement. Activities lead to the development of actual performance measures and will give participants a good start toward the development of their performance goals.

Instructional methods include discussion, readings, written skill practices, and highly interactive exercises to simulate the challenges of the workplace.

OBJECTIVES

At the conclusion of this course, participants will enhance the following skills:

- Explain how organizational performance measurement supports an agency's cost and performance management system.
- Examine the life cycle of the metrics development process to include design, data collection, compilation, analysis, usage, and standardization.
